9541.32 Balance in Treas^y $8.958.04

It is encouraging to note in the above figures an increase of $1182.26 in the contributions in money — The largest proportionate additions come from the Presb^y of Morris and Orange, showing the influence of two or more earnest workers there; and one church alone at East Orange gave $400 to the Moqui Mission in Arizona — Two Presbyteries only have given less than before, while two others have almost doubled their donations — Thus in this New-Jersey circle of Presbyteries one makes up for the lack of ability or of service in another, while gratefully rejoicing at being allowed a part in such efforts, we with united hearts, have brought the above offering into the Treasury of the Lord —

While however we have tarried, not doing all in our power the Lord by His Spirit and Providence has ~~laid hold~~ of the hand of the Board of Home-Missions, urging it forward to take possession of new districts for the Master and King; and also "upon the hand" of the daughters of the church, hastening their steps in the line of the Mission work to be done in our own land — In Alaska, a Mission has been established among the Chilcats — and New-Jersey has the honor of educating the son of its Chief — and of helping support the schools at Sitka and Fort Wrangel as well —

Our Societies have made themselves felt in

Mormonism, that anomaly of the 19th century, now spreading into territory outside of Utah, until even the attention of politicians is called to it, as a source of possible future trouble and even of another war—

Of New Mexico, and our interests there, we can speak today with saddened hearts,— at the several points, the work goes on hopefully;— but the last Post, as we gather the scattered threads of the year, brings word of loss to the cause at large, and to the Presbytery of New Brunswick, by the death of Miss Jennie Hammeker, for two years and nine, missionary-teacher at Zuni— She passed away at Albuquerque New Mexico— Sept. 29th. after a fortnight's illness— having come there for medical treatment— As in connection with the sorrow mingled, which now overshrouds us, we may yet comfort each other with the fact, "The Lord reigns, and blessed be our rock."

These last months also bring us bright tokens of encouragement, $100 in gold from Mrs. H. Manning of Perth Amboy, towards one of the Chapels in Utah, "in honor of our beloved and martyred President!" Before the appeal came to her, this sister had it in her heart to make a contribution of this very kind— "Jesus said this, work follow" the words so firm and outspoken of our late President are sacred to Mormonism—

A meeting of great interest was held at Asbury Park, Aug. 11th last— during the session of the S.S. Sea-Side Assembly there; a gathering of christian workers, in whose hoped for future coming together, we shall be glad again to receive recognition. ~~Yes~~— During the above mentioned meetings of the Sea-Side Assembly we were greatly impressed with the importance of providing, into our own State, and especially "all the coasts thereof, Chapels where the pure gospel may be preached to the incoming multitudes—

Other meetings in relation to Home-Missions have been held within the bounds of this Synod, with the view of spreading the ever-growing information that comes to us from the frontiers— Some of these meetings have been addressed by Prof. J. M. Coyner, whose Institute at Salt Lake City is indeed a true light-house; and also by Rev. D. J. Millan, the young Presbyterian hero, who is now Supt. of the Mission of our Board in Utah

Miss Lora B. Shields has also told of the Pueblo Boarding School, in which she is engaged as teacher, and has won golden opinions, which it is hoped, golden gifts may re-flect in a practical way —

Many Leaflets and Circulars have been distributed; but none of these can take the place of the living speaker. We earnestly therefore call on you the fathers and brethren of the church "to lift up your voice" — to "cry aloud, and spare not". We need waking up to the real need of doing actual missionary-work within the limits of the United States.

We thank you for help already given, the success attending which but leads us to ask you to do yet more for the special department of Home-Missions, committed to the women of the church — Of the claims of the cause as a whole, we do not venture here to speak — The promise is that our Lord "shall have dominion from sea to sea". When that is fulfilled, will not the glory spread "from the river to the ends of the earth!"

The report from the Pres. of Jersey City, in some respects is very encouraging, in others disheartening - While in some churches the work done exceeds that of former year, in others nothing at all has been accomplished - Twenty three (23) copies of the Presbyterian Home Missionary are taken - In the Pres Church at Englewood N. The Number of Churches in which work is done, is about one quarter of the whole number connected with the Pres - It is true that some of these are Mission Churches - but these are those where means are abundant, but where efforts are entirely confined upon the Foreign Mission work or City Missions -

this work should be done, but should
the other be left undone?

We desire to call attention to the fact that so few of the Churches report any work done, 84 Societies and Bands from 281 Churches in our Synod are all that report any interest in Home Missions.

Many of the Churches are impressed with a desire to furnish boxes, and while these boxes add very much to the comfort of the Home Missionary's family, yet they do not help support the School department of Home Missions as committed by the General Assembly to the women of the Church, and as the Board of Home Missions cannot do this work according to the ruling of the Gen Ass. except as the women provide the means, it is apparent

that the school work can only be enlarged by more earnest efforts and larger donations on the part of the women, & that need only be stated to secure the sympathy of, our people in that direction, when it is known that some of our teachers are without homes, having to use part of their school room in which to have some work the size of a small room placed in a corner of them, several ladies are now in such circumstances.

As the Synod of New-Jersey was the first one to appoint a Com. of women to do this work it may be gratifying to you to know that all but four Synods of the Church have followed this example, and as New Jersey has been the pioneer state in this noble work, let us as a Synodical Society keep ahead and stimulate by our example other Synods.

Each Church will organize a society either among the elder or younger members and this work for our land be brought forward in the Sabbath Schools, then we believe a teacher can be supported at least by each Presbytery now we have but two teachers, Miss Clara Pierce at Springville Utah supported by Presbyterian

Church, Elizabeth, and Miss Lucy Perry at Spanish Fork Utah by Society in Englewood N.J.

while we have eight Presbyterian.

In Denver & the Presbyterian scholars are supported but some of our largest churches give but small sums of money and others none at all;

Greater interest might be had in Home Mission work, if our people were better informed, Public meetings having speakers from some Missionary field in the west, would stir the hearts of those now indifferent, the circulation of the Presbyterian Home Missionary paper would help in this direction

Respectfully submitted

We do not send all the money raised in
our Missionary, usually send $50.00 with
our tax.

Last July our church sent a box of clothing
(second hand) valued at $500.00 to the
Cyclone Sufferers in the far West, I do not
know any, how much I do not remember,
We send our boys off in the Fall, so that ones
who remain may get them before Thanksgiving

to pay for postal cards, & the articles are made,
ready to be sent off. Yours truly

* See note on the other side.

We sent a box valued at $69.50 to the Indian Training School at Carlisle Pa. and are preparing another for the same place, as many of our ladies feel a special interest in work for the Indians.

The rest of our funds have gone, as usual, to Japan, for the support of Miss Kate Youngman. $600 pr. annum and for charities in our own vicinity.

We are in the habit of donating $120 yearly to Home Mission work in New Mexico, and shall take measures within a fortnight, to raise that sum, but not having yet done so, cannot report it herein, of course. We always do this the last thing before making up our Annual Report for April.
